A MESSAGE FROM

Nancy Schonberg President | Board of Directors Barbara Faron Chief Executive Officer

Dear Friends,

As you can see on the following pages, we have been very busy working to promote wellness and a better quality of life for thousands of individuals and families throughout Long Island and New York City. Each person we reach has a story to tell, a journey that has shaped the person they are today. They are the "Faces of Federation" and their stories are what propel us to provide exceptional service amid a changing healthcare landscape.

Who are the "faces" that we speak of? They are individuals in recovery who are finding the confidence and motivation to rebuild their lives. They are people yearning for their next meal or a place to call home. They are men and women battling chronic conditions day in and day out. They are veterans who need assistance managing their money. They are senior volunteers looking to give back to the communities they live in. They are the hundreds of staff members who are listening, providing support and resources; helping people to live independently and ultimately achieve their dreams.

In 2016, we continued to adapt as an organization, working in a more integrative way as we serve people holistically. Our commitment to creativity, collaboration, and empathy has helped us to help individuals reach their goals. With support from donors and sponsors, community partners, and volunteers, Federation continues to move forward providing quality services through any one of our many programs and services.

On behalf of our Board of Directors, staff, and members, we would like to thank all who support us and help us fulfill our mission.

With gratitude,

Nancy Schonberg & Barbara Faron

FACES OF FEDERATION

"Finding Federation's PROS program has been a blessing. I'm not alone now because I have a good support network here."

- Michelette L., PROS Program

"It's an amazing opportunity to watch people transform their lives and grow in a positive direction but also to be there to catch them if they fall."

- Dan S., LMSW at Federation

"I left Pilgrim and came to one of Federation's homes on the north shore. I couldn't believe it when we drove up there... I walked in and said, 'Oh my God.' It was a home. Federation's MRS team has helped me so much and continues to encourage my independence."

- Marsha D., MRS Program

"I'm so lucky because I get to come to work every day and help others get their lives on track by doing what I love which is managing money in smart ways. I am so proud of the work we do here and how our programs work collaboratively to help people rebuild their lives."

- Joe O., Program Manager of the Financial Management Program

"I am so glad that I came to Federation. They were there for me. They would listen no matter what and they always had time for me. Here, I learned to put myself first--to do things that I want to do and to stop being a follower."

- Chi Que D., PROS Program & Employee
